

# CHOICE

## *Select*

## *Medicare Select*

## **Welcome to ChoiceONE *Select***

We are pleased that you have chosen ChoiceONE *Select*, a product of UTMB HealthCare Systems (UTMB HCS) for your health coverage. ChoiceONE *Select* provides affordable access to world-class, quality health care.

This Provider Directory contains a list of hospitals, physicians and other medical services available to you. In addition, we have included answers to some common questions asked by members. The directory includes:

- List of Participating Providers
- Customer Service Information
- Important Phone Numbers

### **Participating Providers**

Participating Providers are physicians, medical groups, hospitals, pharmacies and other medical and health care professionals who provide services covered under your Health Plan. The ChoiceONE *Select* provider network is comprised of UTMB and affiliated community physicians, UTMB hospitals and pharmacies conveniently located throughout the county. To receive your Supplemental benefits, you must use a ChoiceONE *Select* participating provider for non-emergency care. All ChoiceONE *Select* network physicians and health providers must meet our stringent quality standards.

### **Non-Participating Providers**

PLEASE NOTE: Members of Medicare SELECT programs may receive health care from any Medicare approved provider under traditional Medicare coverage. Supplemental benefits, like coinsurance, deductibles and other fees not covered by Medicare, become the responsibility of the member if the member receives non-emergency care from a non-participating provider.

### **Selecting a Physician**

To take full advantage of your ChoiceONE *Select* supplemental benefits, you must go to a ChoiceONE *Select* network physician. You may go to any physician in the ChoiceONE *Select* network; however, some providers may not be accepting new patients.

### **Specialty Care Physicians**

A Specialty Care Physician is a physician who has been contracted to provide specialty services to Plan Members. Some specialist may allow patients to self-refer; however, other specialists may require clinical information from your Primary Care Physician (PCP) prior to scheduling an appointment. Sometimes called a “**referral or consult request**,” this is an opportunity for your PCP to tell the specialist about your medical history, the results of any test you may have undergone, and the medications that you are currently taking. Such referrals are strictly between the member, the PCP and the specialist. The Health Plan does not need to approve visits to specialists; however, should you need any assistance, please contact our Customer Service Department.

## **Gynecology**

Females may choose to see any participating provider without obtaining a referral.

## **Behavioral Health Services**

Mental health and substance abuse services are available to you through providers listed in this Directory. You may see any participating provider without a referral.

## **Prior Authorization**

Prior authorization is not required when using network providers for services covered by Medicare. Please refer to the Directory to choose an eligible provider.

## **Emergency Care**

Emergency care means bona fide emergency services provided after the onset of a medical condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in: placing the patient's health in serious jeopardy; serious impairment to bodily functions; or serious dysfunction of any body organ or part.

If the condition is clearly a medical emergency, it may be impossible to first call your health plan. In this event, you should seek treatment at the nearest possible emergency facility. All such true emergency treatment received during the first 48 hours after the onset of the medical emergency will be eligible for Plan benefits, regardless of whether treatment is furnished by a participating or non-participating provider.

**You must notify the Customer Service Department of the medical emergency within the first 24 hours or as soon as reasonably possible.**

## **Notice to Enrollees**

Copies of the grievance procedure, applicable disclosure documents, and Plan documents are available through Customer Service. Certain services require prior authorization and are governed by the applicable Plan documents, governmental legislation, regulations and policies, which are subject to change.

The information contained in this Directory is for informational purposes only and is accurate as of the date of printing. It is subject to change without notice. For additional information on your plan, please refer to your Member Handbook or contact:
